Dear Cory,

I am an independent Spanish language court interpreter who first saw your products at the NAJIT annual conference in Chicago. I purchased a base package simultaneous interpreting system with LT-700 Portable Transmitter and a LR-400 Display Receiver.

I have found it to be one of the best business investments I have made! I have been impressed with all it's features. It's so easy to select an interference free channel, it's light and easily to carry, delivers clear and comfortable listening. The rechargeable nickel metal batteries certainly are a plus. It has made my job easier since I know I can depend on the system. I no longer have to worry about carrying disposable batteries around or whether my equipment is going to fail on me right in the middle of a hearing. In addition, I was very pleased with the professionalism and knowledge of the sales representatives from your dealer, Global Equipment. I have referred other customers to you and I have absolutely no hesitation in continuing to do so.

Thank you,

**Isabel Frammer
