Congratulations
This Quick Start Guide will explain the basics of using your receiver. Experience how Listen Technologies brings power and clarity to the sounds that enrich our lives.

Button Basics
Power:
To turn on the receiver press and hold the power button for 1 second, to turn off the receiver, press and hold for 3 seconds.

Display:
Displays the battery status, unit ID, channel status, and charging status.

Programmable Channel Select
*LR-5200

Setup Instructions
Remove the clear plastic pull tab and fully charge the battery. When fully charged the LED is solid, indicating 100% charged.

Connect the Earphone/Neck Loop Lanyard and ear speaker or headphones to the output jacks.

Charging:
Place the unit in the charging tray/case or connect the Micro USB to any standard USB port.

We Care
Hearing Protection:
This product is designed to amplify audio to a high volume level which could potentially cause hearing damage if used improperly. To protect your hearing, make sure the volume is turned down before putting on the ear speaker or headphones, then adjust the volume to your preference. Children should be supervised when using this product.

Medical Device Safety
Before using this product with an implantable or other device consult with your physician or manufacturer of the device. Always make sure you are using this product in accordance with the safety guidelines established by your physician or the manufacturer.

Recycling
Please help us protect the environment by properly disposing of the batteries. Take batteries or equipment to any electronic recycling collection point or return them to the factory.
