INTRODUCTION

Thank you for purchasing ListenTALK!

For additional details on use, adjustment, or programming, download the full ListenTALK Operations Manual from www.listentech.com/support/manuals. To purchase headphones and other accessories, visit: www.listentech.com/shop-listen.

Power On

Press and hold Power Button to turn on. Press and hold three seconds to turn off. Green LED will flash and then be lit solid green when device is on and paired to a group leader. Green LED will continue flashing if receiver is not paired to a group or the leader is not turned on.

While unit is on, momentarily press Power Button to activate the LED Status. If the unit is paired the status LED will flash green once followed by the white LED flashing the battery status: 1 = 1/4, 2 = 1/2, 3 = 3/4 and 4 = Full.

Charge ListenTALKs

Remove the protective screen cover and clear plastic battery isolation tab. Fully charge by connecting Micro USB to USB charger or charge in the optional Docking Station. Status LED will flash and then be lit solid when fully charged. Optionally, insert three AAA alkaline batteries into Receiver equipped with the Alkaline Battery Case.

LKR-12

ListenTALK Quick Start Guide

For more information visit www.listentech.com
Connect Headphones
Connect Listen Technologies headphones or use standard smartphone earphones.

Volume
Press Volume Up or Volume Down button to control volume.

Programming and ListenTALK Software Suite

Hearing Safety
This product amplifies audio to a high level which could cause hearing damage. To protect your hearing, turn down the volume before putting on the Ear Speaker or Headphones, then adjust to your preference.

Medical Device Safety
Before using this product with an implantable or other medical device consult with your physician or the device manufacturer. Always confirm you are using this product in accordance with safety guidelines established by your physician or the manufacturer.

Recycling
Please help us protect the environment by properly disposing of batteries. Take batteries or equipment to any electronic recycling collection point or return them to the factory.

Create a Group
To create a group, designate a leader unit by inserting a red leader clip on any ListenTALK LK-1 Transceiver unit. Place Transceiver into red Leader pocket on Docking Station Tray. Place Receiver in any participant pocket of Docking Station Tray and momentarily push pair button on front of tray. Green LED will flash 3 times upon a successful pairing.

Note: LKR-12 Receivers can only be paired to a group using a Docking Station.
