

LISTENTALK ACCESSORIES

//////////////////// SIMPLE | DYNAMIC | MOBILE //////////////////////

Accessories compliment every application by adding functionality and features to customize based on the needs of the environment.

LA-445 Breakaway Lanyards

Comes in 7 different colors. Use different colors to identify groups, teams or languages.

Applications

Easily distinguish multiple groups
// Color coding specific units //
Company branding

LA-446 Cable Management Pocket

Attaches to a lanyard and stores excess ear speaker or headset cable eliminating tangled wires while giving an organized clean appearance.

Applications

Any application will benefit from a cable management pocket

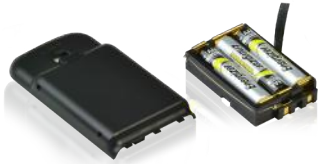

LA-449 Smartphone Cable

Add a caller to your tour or group from a smartphone with the ListenTALK Smartphone Cable. Allows plug and play connection to smartphones.

Applications

Bring in remote expert via smartphone //
Tie in remote groups

LA-435 AAA Battery Compartment

The ListenTALK AAA Battery Compartment allows you to quickly and easily convert transceivers/receivers for use with AAA alkaline batteries when needed.

Applications

Rentals // All-day use // Back-to-back use

LA-436 Microphone Input/Headphone Output Cable

Splits the ListenTALK headset jack allowing an external microphone input and headphone output (TS to TRRS Mic Adapter).

Applications

Classrooms // Surgical centers // Connection to other audio equipment

LA-437 Line/Headset Mix Cable

Allows the ListenTALK leader to connect a line level input and headset. This allows the leader to conduct communication and playback of pre-recorded audio file.

Applications

Enhance live tours with pre-recorded audio // Fitness

LA-444 Protective Case

Provides added protection and easier handling of the ListenTALK transceiver (LK-1). It includes an alternate leader clip and durable belt clip.

Applications

Industrial // Environments where increased durability is required

Headsets available for any environment
