## Recommended Systems to Meet Compliance Standards

### What?

With multiple technologies available and many systems to choose from, we understand it can be tricky to find the correct assistive listening system. Use this document to quickly reference recommended systems based on seating capacity.

There are many ways to build a system to meet venue needs. Browse options at [www.listentech.com](http://www.listentech.com) or contact [sales@listentech.com](mailto:sales@listentech.com) to get a customized recommendation.
